## We help companies hire better.

IQ PARTNERS was founded in 2001 and has grown into one of the most highly reviewed search firms in the country and internationally.

We deliver transparent data-driven recruitment, direct-contact 'headhunting' and better candidate assessments than our competitors.

### Why IQ PARTNERS

#### Deep expertise

22+ years of experience in technology & healthcare recruitment.

#### Active in the market

We proactively recruit health tech superstars that aren't on job sites.

#### Wide network

We've worked with companies across North America and globally, from startups to multinational corporations.

#### Team of experts

Collaborative team of experienced health tech recruiters that have built entire digital health teams.
